Winding Woods Garden Club Marking Silver Anniversary

The Winding Woods Garden Club is celebrating its silver anniversary and members are hard at work making special plans for their very busy year.

The club recently began its 25th year with a salad supper under the stars and around the pool at the home of Pat and Larry Kahn. More than 70 members and their husbands and/or guests gathered for an evening of fellowship.

The Winding Woods Garden Club began in 1964 with 12 members and has grown to a membership roster of 59 members and nine

"Friends of the Garden Club." The club generated such popularity that it became necessary to extend membership eligibility to include women outside of its boundaries in a special membership category called "Friends."

Over the years, the club has won many awards given by the DeKalb Federation of Garden Clubs. The members are proudest of the Community Service Award which it has won over and over again because of its enthusiastic and out-reaching efforts that have benefited many people in the area and

in adjoining communities.

A special September dinner meeting is being planned by the "25th Anniversary Committee" at which time a program will retrace the club's steps through the 25 years and honor past presidents.

Comprehensive scrapbooks are a good source for gathering information for this program. They depict 25 years of hard work and accomplishments.

Mrs. Gene (Helen) Bottoms is president and will preside over this silver anniversary year.

Program Committee Worked For Months

Preparing for the comprehensive slide presentation and preparation, the Winding Woods Garden Club celebrated its silver anniversary in a very special manner. More than 65 members and guests gathered at The First Christian Church of Atlanta to reflect on the memories created by this active organization.

The evening began with a devotional song by Georgia's Junior Miss/Young Woman of the Year, Mrs. Andrea Bottoms, who is the daughter of President Helen Eotms. A covered dish dinner followed with time for fellowship and kindling old friendships. Out-of-town guests included past president Mrs. Joan Kielman, who is the National Convention vice coordinator, residing in Odessa, Florida; Mrs. Betty Frankina of Pensacola, Florida; and Mrs. Jane Haley of Roswell.

Winding Woods Garden Club Observes 25th Anniversary

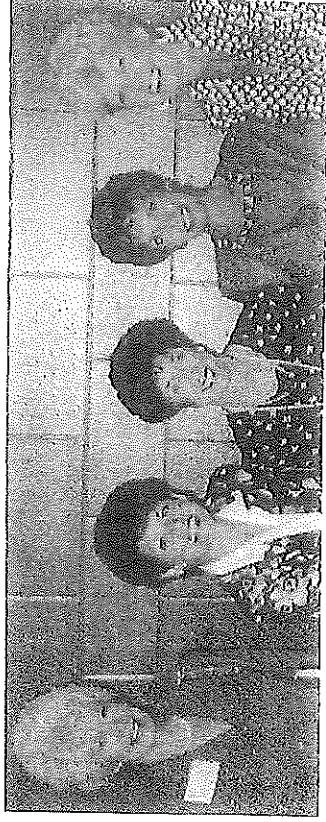

SPECIAL GUESTS included Mrs. Joy Stuart, Redbud District director, Garden Club of Georgia; Mrs. Hallie Brown, National Flower Show School instructor; and Mrs. Margaret Strickland, president of the DeKalb Federation of Garden Clubs. There were also three charter members present — Mrs. Hazel Voigt, Mrs. Anne Yeager and Mrs. Jane Street.

A "time capsule" program was created through the use of a slide presentation that brought back memories. The goal in presenting the program was to recapture the highlights during that time period, which included special meeting programs, workshops, field trips, installations, awards, ways and means projects, recognition of the Club Women of the Year, Christmas activities, social events and the many community interest projects where the club has reached out through the year.
