Decatur, Georgia 30030

Dear Jerry:

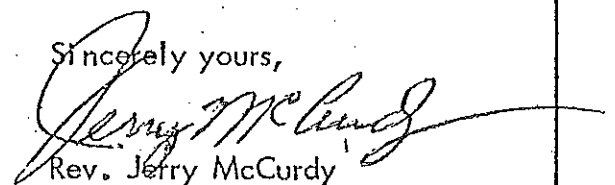

It is always good to speak with you and to sense your personal concern for the request I may have at hand. The program for the Rowland PTA on November 11, 1975 of which I spoke last evening should be a good opportunity for you and your people to speak a positive word for the government of DeKalb County.

I will leave open to you the options for the evening's program. I would suggest it not run over 45 minutes, and be of such presentation that it will challenge and inform the people of our community.

Our order for the Evening usually begins with coffee and refreshments at 7:30 P.M.; the Business session following the inspirational. You could plan to begin the program around 8:30 approximately. If you have any further questions please call. I will be in contact between now and then.

Thank you, Jerry, I remain,

Sincerely yours,

Rev. Jerry McCurdy
