History of Oak Grove United Methodist Church
1836-1997

- 1836 - Oak Grove Church began as a log cabin on Oak Grove Road. It later became a family home and remained standing until 1953.
- 1888 - A new church was constructed on the site of the present Preschool Building. This building also served as a school until it was torn down in 1927.
- 1911 - The male members of Oak Grove built a church across the road for a cost of \$100.00.
- 1938 - Oak Grove had been a part of a rural circuit up to this time and decided it should be a station appointment.
- 1939 - A student pastor was appointed to serve Oak Grove solely. Membership was 88.

OAK GROVE CHURCH

by Sarah Akin Saye

There have been very few records kept about the original Oak Grove Church. So many of the original families have long since moved from this community and the ones that are here can only share with us what they have heard their parents tell about the church.

Oak Grove was organized in 1836 and the first preachers were circuit riders just going through the country. The preacher that organized Oak Grove was named Alvin Dempsy. The first meetings were held under a brush arbor.

The people in the community would have a preacher stop any time one was passing through. When someone would hear of a preacher passing through that they could get to stop over and preach for them, they would quickly spread the word. If it was during the week, everyone would get up extra early and work in the fields until time for the services. After the service, they would go back to the fields to finish their day's work.

They tried to have a service each Sunday even if there was no preacher. When there was no preacher, the men would get up and talk. They met under the brush arbor all summer. Before winter they built the first building, a 20 foot by 20 foot log cabin, which was located where the Hurd house is now on Oak Grove Road. Mr. Hurd told me that when they moved in their house he found an old well that had been filled up in his front yard. We later learned that this was the well for the church.

Some of the original families in the church were Akins, McElroy,

Lively, Pennell, Jones, Loyd and Anderson.

In the first building, the women sat on one side of the church and the men on the other. The young people would sit together.

The original deed of the church property reads in part:

"Beginning at a hickory tree and running north one hundred and twenty yards to a pine knot, thence running west one hundred and ten yards to a dog wood tree or a bush, thence running south eighty-five yards to a rock, thence last running to the starting point - supposed to be two acres and a half."

This deed was issued in 1888 and was between J.F.Akins of the County of DeKalb and the State of Georgia, and J.M.Loyd, Jonathan Pennell, W.M. Henderson, J.M.Akins, and W.B.Justice, trustees of Oak Grove Church.

In the first building the women sat on one side of the church and the men on the other, but the young people would sit together.

The second building was built where our present educational plant is. It was used for a church and a school house until the third building was erected where our lower parking lot is now. The second building was used for a school until W. D. Thomson was built in 1927.

I know it is telling my age, but I started to school in this building then in the middle of the year we moved into Thomson School. Mrs. Harris and I moved to the school the same year.

The third building was a one room church a little longer than the original church. It cost \$100.00 for the materials to build this building. The men in the church provided the labor. It was built in 1913-14. Rev. Charles Middlebrook was the pastor. He is retired now, but he used to be our District Superintendent. I used to look forward to his coming when he was the D.S. because we usually arranged to have him for dinner. I enjoyed hearing him tell about the church back when Daddy was a little boy. Back then when he came to preach, he usually stayed at my Grandfather's house.

This third building is the one that I remember going to church in, of course. It was heated with a stove in the middle of the room, and kerosene lamps were used for the lights. I remember when we bought some lanterns and how much more light we had with them. The women of the church kept the church clean and the men built the fires.

I remember as a child that even then Mother was volunteering or getting roped into everything and I would have to help her when it was her time to clean the church. Some times we girls would clean it by ourselves.

I remember one time a friend and I had cleaned it and were sweeping under the seats by turning them back and sweeping under them. My grandfather came in just as we were sweeping under the last one and made us go back and move all of them and sweep over. Of course the dusting was quite a job, too, because none of the streets were paved out here.

The original deed of the church property reads as follows:

"Beginning at a hickory tree and running north one hundred and twenty yards to a pine knot, thence running west one hundred and ten yards to a dog wood tree or a bush, thence running south eighty-five yards to a rock, thence last running to the starting point - supposed to be two acres and a half."

This deed was issued in 1888 and was between J.F. Akins of the County of DeKalb and State of Georgia, and J.M. Loyd, Jonathan Pennell, W.M.

Henderson, J.M.Akins, and W.B.Justice, trustees of Oak Grove Church.

The next building was started in 1948. At that time we had 105 members. The material in the one room church was sold to Mr. W.M.Derden. He used it to build his home located at 5131 Pangborn Circle. The first part of this building was the part where the fellowship class meets, and the room directly behind it which was the old kitchen. I think we had about three Sunday School rooms for the children. The adults all met in one room. We had classes in all four corners of the room and one in the middle.

After we moved into that part, the men worked fixing the rooms upstairs. They worked two or three nights a week and put all of the plaster board up and did all the work they could. If you ever see a wall upstairs that is not quite straight, just say it was put up with loving hands. Maybe that is why that part of the church means so much to some of us older members.

In 1952 we got our first full time pastor, Rev. James Weldon, and it was then that we built our Sanctuary.

Bishop Announces Four Methodist Appointments

Four top-level appointments in North Georgia United Methodism, including three new district superintendents and a director for the Conference Council on Ministries, have been announced by Bishop Ernest A. Fitzgerald of Atlanta.

The Rev. Robert E. Bridges, currently superintendent of the Atlanta-Marietta District, and the Rev. Hershel H. Sheets, presently director of the Conference Council on Ministries, will exchange positions. Dr. Sheets has directed the Council on Ministries, the major program-making body of the North Georgia Conference, for six years. Dr. Bridges has been superintendent of the Atlanta-Marietta District for five years.

The other new district superintendents are the Rev. Rudolph R. Baker, currently pastor of Oak

Grove United Methodist Church in Decatur, who will head the Augusta District, and the Rev. Charles E. Wilson Jr., now pastor of Sandy Springs United Methodist Church, who will direct the Gainesville District. Mr. Baker succeeds the Rev. Joe B. Bowen Jr., and Mr. Wilson follows the Rev. Robert A. Kerr; both Dr. Bowen and Mr. Kerr have been in their current positions for five years.

United Methodist ministers are appointed annually, and usually about one-fourth to one-third go to new assignments each year. The pastoral assignments for the remaining North Georgia ministers will be announced on the closing day of the North Georgia Annual Conference. It will meet June 13-16 at the Georgia Mountain Fairgrounds in Hiwassee.

Steeple Raising Big Show On Oak Grove Rd.

DECATUR-DEKALB NEWS

The raising of the steeple for the new Oak Grove United Methodist Church building at 1722 Oak Grove Road was a big show for the neighborhood last week. A giant crane lifted the aluminum structure (doesn't look like aluminum) into place as hundreds of children, mothers, and some dads, watched.

Members of the church turned out almost 1,300 strong the Sunday before for the first services in the new sanctuary. It is one of the largest churches in DeKalb. (NEWSphotos---Linton Broome)

Oak Grove breaks ground on \$3 million additions

When Oak Grove United Methodist Church opened 150 years ago, the sanctuary was a 40-foot log cabin that had escaped Gen. William Sherman when he burned a path through the Shallowford area of DeKalb County during the War Between the States.

A century and a half later the congregation has broken ground on a \$1.25 million addition to its fifth sanctuary as part of a \$3 million master plan.

"My family has been in the church ever since it's been organized," church member Elizabeth Pickett said. "Back when I grew up in the early (19)30's and 40's it was a one-room rural church with a pot-bellied stove and kerosene lamp.

"We didn't have many members."

The church now has 2,500 members and sits on land originally donated by Ms. Pickett's relatives, the Akin family, at 1722 Oak Grove Road, Decatur.

"We have experienced over the last 40 years the most rapid growth of the church," the Rev. Rudolph R. Baker Jr. said. "In 1969 we projected a south (educational) wing and a fellowship hall. As a result we've now grown to a point where we cannot grow further without expanding."

A fundraising drive in the fall of 1985 netted the \$1.25 million in pledges. An educational wing is the third phase of the plan. Baker said the 24-classroom educational section will be built two years after Phase two additions are completed.

The first part, a new \$1.1 million sanctuary, was completed in 1969.

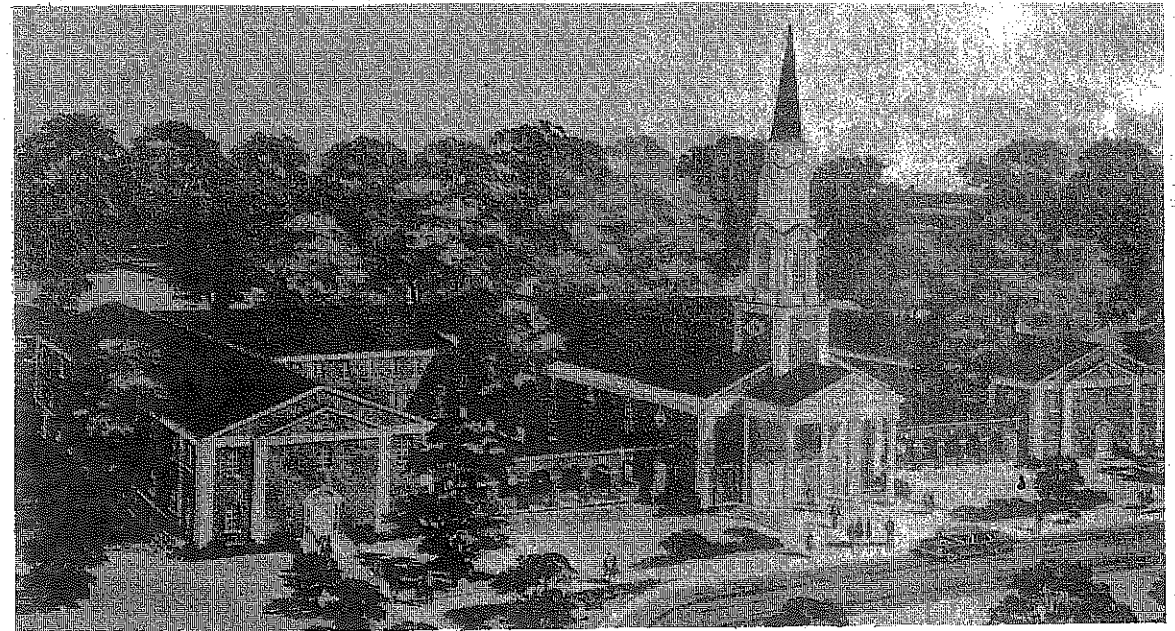

Participants in the April groundbreaking ceremony included Baker, Dr. Thomas A. Whiting, Atlanta-Emory district superintendent; Marvin Smith, chairman of the building and grounds committee, and Paul Tuggle, an architect with Paul Tuggle and Associates.

The theme for the church's sesquicentennial is "Growing Because We Care."

Though the main 150th anniversary celebration and musical presentations are scheduled for the fall of 1986, historic trivia about the church has been published in the "Inspirer" newsletter and photographs of the church dating back to the 1800s are on display in the portico.

FROM LOG CABIN TO \$3 MILLION CHURCH: An architect's rendition of Oak Grove United Methodist Church shows future expansion plans. The \$3 million addition will include an activities building and a 500-seat capacity fellowship hall.

On April 27 ground was broken for a \$1.25 million addition to include a fellowship hall to seat 500 people and an activities building which may be used for sports, including regulation basketball. Baker said the activities building is for youth sports programs as well as armchair exercises geared to senior citizens. These additions are the second step in a master plan initiated 18 years ago.

Baker said a study group formed five years ago generated the building schedule and assessed the church's growth needs.

"One of our prime needs is to have a place to gather people so we can celebrate our life together as a family," Baker said.
