## New Family Biographical File

I can correct a piece of information that you have listed in them.

Henry New's wife, Louvisey, is buried at Redan Town Cemetery; however, she died in 1879, not 1889, as you have listed. The gravestone reflects the correct date, and if you look at the 1880 census, you will see Henry is a widower. Franklin Garrett got this information wrong when he recorded it, and a lot of people have based their dates on his incorrect date. I can send you photos and video of the gravestones, as well as locations, should you require them.
