

Taking a Close Look at the Future

STEVE DEAL/Staff

Playing with toy robots livens up science classes for students at Glen Haven Elementary School in south DeKalb. Fernbank science Center instructors have worked the robots into the

science curriculum at DeKalb schools for 2½ years. Youngsters who want to build robots can take a weekend class, which starts Saturday. Article, Page 10.

Nan Rowland

Nan Rowland Retires; Teacher For 35 Years

Nan Rowland retired this summer after teaching 35 years. She started teaching when she was 20 years old (first, second and third grades in a country school).

Nan taught first grade 25 years in the same classroom at Glen-Haven Elementary School. Otis Hendley, Odell Caldwell and Lamar Schell were her three principals there.

She has always enjoyed working and playing with children. She has four daughters and three grandchildren.

Nan will really miss the children and her friends at Glen-Haven. She plans to work part-time at the printing shop and post office. She also plans to do some substitute teaching.
