Family Unity Day Slated At Shoal Creek III Park

The newly developed Shoal Creek III Park on McAfee Road in conjunction with Wadsworth Elementary School will hold its first annual Family Unity Day celebration on Sunday, June 7.

The program begins at noon and sponsors hope to unite the Shoal Creek area and to encourage community responsibility for the new park.

Charles Maxwell, principal of Wadsworth Elementary School, states that "...the park is terrific and will foster good opportunities for collaborative efforts for community support."

Speeches by invited political figures and local television personalities will help encourage the Shoal

Creek community to become actively involved in Shoal Creek III.

More than \$400,000 obtained by the People for Parks bond program was used in developing multi-use courts, picnic shelters, a tot lot, and play equipment in Shoal Creek's new park.

Family Unity Day at Shoal Creek III will provide refreshments, performances, activities, and speeches while initiating a yearly event to help shape the future of children by protecting and encouraging them.

For more information on Shoal Creek III Park's Family Unity Day, contact Mildred Oliver at 288-7412.
