LITHONIA ACADEMY.

The Trustees of this institution, having again engaged the services of Mr. John Cassels for the ensuing year, feel confident that his reputation as a teacher, as known to all who have been acquainted with him, will secure for the institution its share of patronage. Mr. Cassels is a graduate of Oglethorpe University, and will conduct the pupils through the different studies in a scientific manner. His government is excelled by none.—He will keep constantly in view the future usefulness of all placed under his instruction.

Lithonia is a very fit place for such a school. Access is easy by Rail Road, water as good as can be found in Georgia; perfectly healthy; and is unsurpassed for sobriety, morality and religious principles. Board can be obtained, in good families, at from $7.00 to $10.00 per month. Persons wishing to give their children a scientific education; or wishing to prepare young men for College will do well to give us a call.

The scholastic year is divided into two terms of five months each, and no scholar will be admitted for a shorter period than one term.

RATES OF TUITION

Primary Studies per term	$6. 25

Flashback

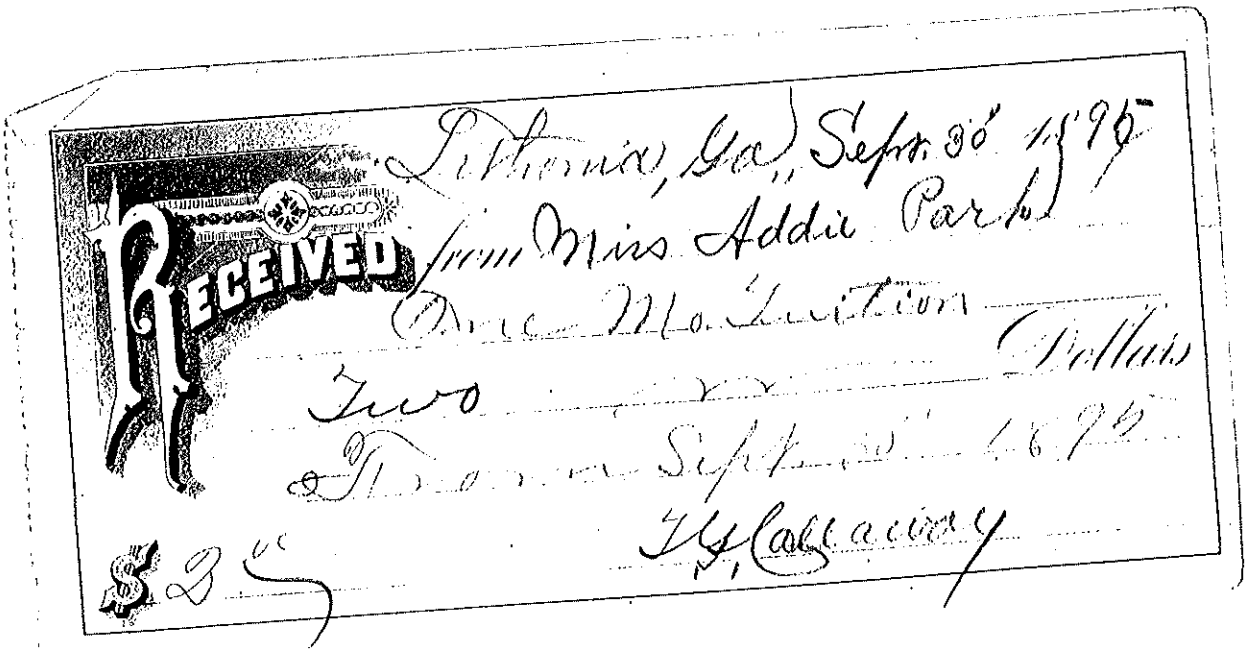

School Days

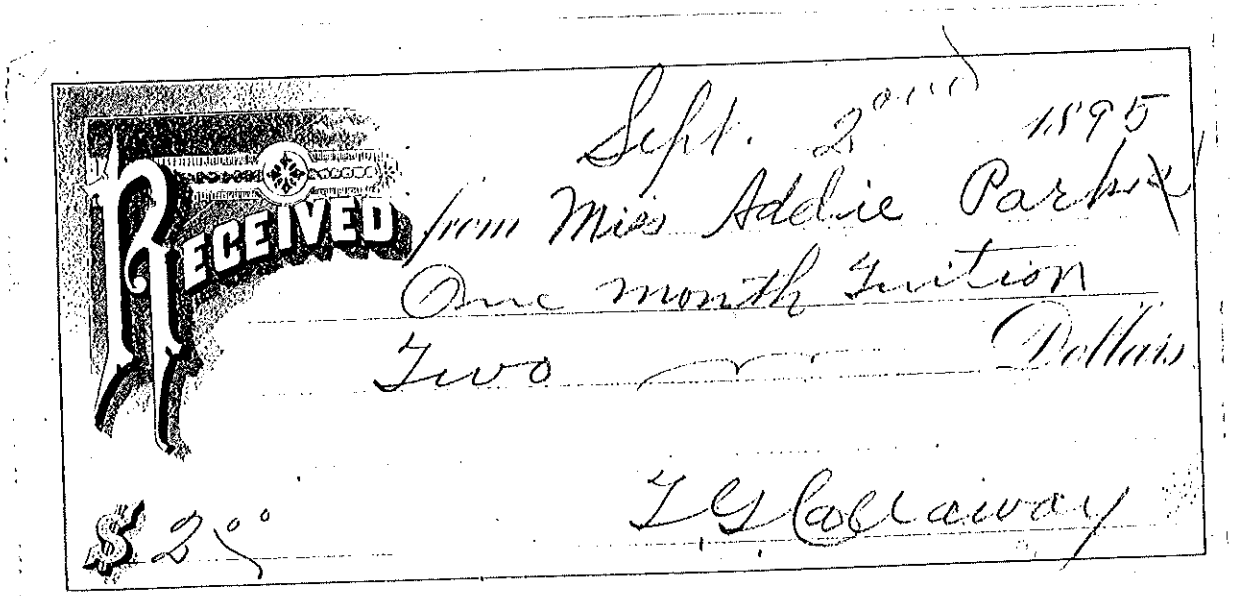

Students peek from the windows of the Lithonia Institute, an early private school. It was founded on College Avenue in 1892. The picture is from the Vanishing Georgia Collection of the Georgia Department of Archives and was collected in the DeKalb Historical Society Round-up. If you have a photograph of historical interest, send it to Flashback, DeKalb News/Sun, 739 DeKalb Historical Way, Decatur, Ga. 30034. All photographs will be returned.

☞ Excellent, 95 to 100; Very Good, 90 to 95; Good, 85 to 90; Fair, 80 to 85; Low, 75 to 80; Deficient, under 75.

TO PARENTS: These reports are made from a careful record of the work done, and from them you may learn whether your children are neglecting or improving their school opportunities. You are earnestly requested to see that children study at home, and that they are prompt in attendance.

J. F. LITTLE, Principal.

It is the best of all the rest,

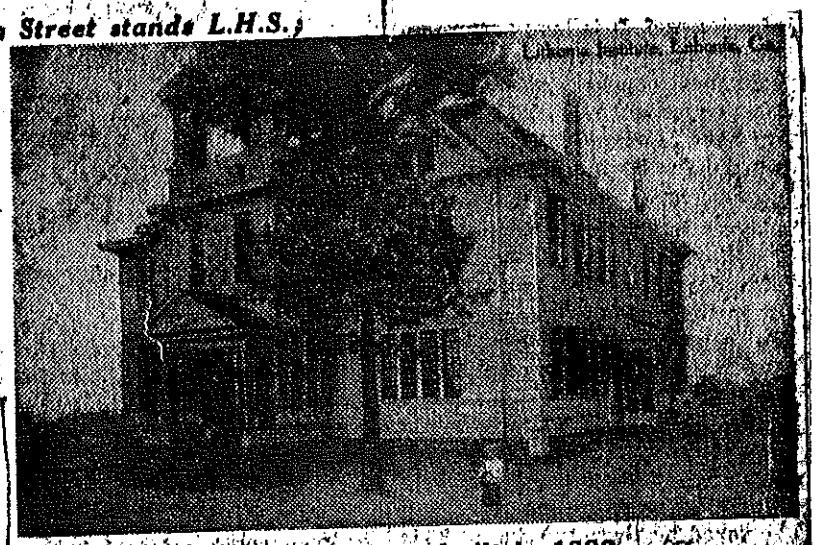

And every person who goes there surely is blest;

Hurrah, Hurrah for L.H.S."

"Way down on College Street stands L.H.S.;

Few there may be in this community that this song does not strike a responsive cord or stir and present.

Lithonia School was built on College street and down on Randall avenue for 59 years. The two-story building pictured here was built in 1892 and was then called Lithonia Institute, later being known as Lithonia High School. It was located on the lower section of the school grounds almost at the corner.

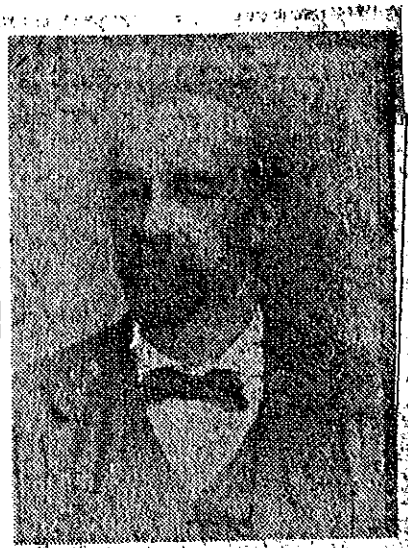

Lithonia Institute built in 1892 8/12/61

A Bit Of Lithonia History

By Jim Whitley, told by grandather J. P. (Love) Anderson.

Around the year of 1890 Lithonia had a new school building. Being very proud of it a crowd of local young people planned a dance to be held in the auditorium. Invitations were issued and the "Belles and Beanus" anxiously awaited the night of fun. "Old Timer" Dr. Bond though this most out of place and filed a bill of injunction to stop it. The young people didn't agree. An uncle of mine the late Chas. L. Anderson, decieded things should go is scheduled. He hitched his stallion, Black Beauty to a buggy and away he went to Jonesboro to see Judge Clay. The Judge was very sympothic, but withheld his verdict until he could read up on the law. The trial came the next afternoon, "On with the Dance Best Wishes, Judge Clay."

DR. WILLIAM PARKS BOND

Dr. William Bond Practiced In Lithonia

Dr. William Parks Bond was a practicing physician in and around Lithonia for at least forty years. eH was the son of Joseph Ballenger Bond who came to the area kknown as Rock Chapel in 1834. He settled on land that had beed deeded to the white man twelve years previously by the

One of his most trustworthy assistants in his practice was a big black horse named Charlie. When Dr. Bond would go out into the country at night on a call Dr. Bond, after comforting the patient, could drop the reins when he climed back into his buggy, knowing that Charlie would carry him safely home while he caught up on his sleep.
